

CDC's Global Presence

As of October 2011, CDC has 304 assignees (out of 314 active positions) in 50-plus countries, including 40 staff detailed to international organizations, 1,400 locally employed staff.

GDD Regional Centers and Centers Under Development

Cumulative Capacity Building: GDD Regional Centers

Training Public Health Leaders

Detecting New Pathogens

Building Laboratory Diagnostic Capacity

Responding to Outbreaks

Status of the International Health Regulations

- ❑ **June 2012 deadline - missed**
 - More than 80% of countries require an extension for compliance
- ❑ **Failure in some core capacities – beyond public health**
 - Legislation, Focal points, Surveillance, Response, Preparedness, Communications, Human resources, Laboratory, Points of entry
- ❑ **Multi-sector approach endorsed by WHO**
- ❑ **Window of opportunity until 2014 or 2016**
 - Two 2-year extensions possible

Global Health Security Challenges

- ❑ **Most outbreaks do not threaten global health security**
- ❑ **Exceptions (AIDS, SARS, H1N1 influenza) are rare and costly**
- ❑ **AIDS has cost 30 million lives and 200 billion dollars**
- ❑ **Early detection and effective response can truncate outbreaks**
- ❑ **Inter-agency and International partnerships are essential**

Thank you
