BLOCK 23, 24 PRICES

A. General Description

This solicitation is for the Leasing or Rental of Photocopiers with Maintenance Services based on a firm fixed price on rental and a fixed price per copy. The photocopiers will remain in place for the life of this contract but occasional requests may be made for shorter durations.

The Contractor will retain ownership of all machines being installed in U.S. Mission offices under this contract. The number of photocopiers and estimated monthly copy volume for each photocopier is shown in Attachment 2. Additional machines may be ordered by the Contracting Officer through contract modification orders by applying the monthly cost charge cost per copy rate and service requirements of applicable volume bands.

It is the U.S. Government's intention to have all ordered copiers in place for the base period of this contract and the optional periods of performance, if exercised. Prices should be based on the assumption that all copiers will remain in place until the end of the final period of performance. Occasional requests may be made for shorter periods, in which case the Government will pay the monthly rental cost and cost per copy rate equal to similarly sized contracted machines within the quantity and volume bands priced below.

B. Period of Performance

The performance period of this contract is from the date of contract award and continuing for 12 months, with four, one-year option(s) to renew. The initial period of performance includes any transition period authorized under the contract.

In order for the option (s) to be exercised at the prices indicated in this contract, the Government shall prepare a modification to this contract exercising this option.

C. Prices

The contractor shall provide the following copier models for the firm fixed prices set forth below for rental and copies. The rental cost shall include:

- The monthly charge of the proposed copier;
- Insurance (see FAR 52.228-4 and 52.228-5);
- All necessary consumables, except paper, including but not limited to toner, developer kits, fuser oil, unlimited repair services (emergency repairs and preventive maintenance) during the normal business hours Monday through Friday 08:30 – 17:30.
- User level training for each copier category.

The estimated “Copies Per Year” column represents the estimated total number of copies for all copiers combined, within that category volume range. All prices shall be set forth in Swiss Francs.

Value Added Tax (VAT) is not applicable to this contract and shall not be included in the rates or invoices. The U.S. Mission has a tax exemption certificate from the Swiss government.

(c) The COR will take each summary invoice, furnish the detailed invoice to the appropriate official in that agency. That agency representative will review the detailed invoice and either mark it “inspected and accepted” or advise the COR of the inaccuracies found. The Contractor shall periodically confirm readings in secure areas by sight by making an appointment for access. The Contractor shall keep copy count on all machine reports and invoices.

In addition to quarterly meter readings by the Contractor personnel, the COR will record meter readings of all equipment on a monthly basis for internal record keeping purpose.

(h) Copier equipment has certain performance characteristics, i.e. paper jams, malfunctions which cause unacceptable copy quality, etc. These factors are not in the control of the copier operator but can become a considerable expense in copy counts when they occur. Should malfunctions occur which result in unacceptable copies, the end users shall place them in a box by the copier and notify the Contractor. The Contractor shall review the issue and respond within one week, providing credit on monthly invoicing for the number of copies determined unacceptable due to fault of the copier. The Contractor shall also credit all copies made during copier testing and repair by the Contractor, as noted on repair and meter cards. This clause is not intended to credit copies which are unacceptable due solely to operator error such as incorrect paper selection, insufficient toner etc.

F. Government Approval and Acceptance of Contractor Employees.

The Contractor shall subject its personnel to the Government's approval. The Government reserves the right to deny access to U.S. - owned and U.S. - operated facilities to any individual. All employees must pass a suitable investigation conducted by the Contractor, including recommendation(s) from their respective supervisor(s). Title to equipment provided under this contract shall remain with the Contractor. While copiers are installed on Government premises, the Contractor shall assume all responsibility for loss or damages to copiers except for loss or damage caused by the negligence or willful act of the Government. In the case of Government negligence or damage, the Contractor shall submit an invoice and explanation of written damage or loss to the COR. If damage can be repaired, the invoice shall reflect the cost of repair including parts and labor. If equipment damage is deemed a total loss of the equipment, the Contractor will invoice the Government for the purchase price less depreciation (equal to 1/60 of the purchase price times the number of months the machine has been in use under the USG contract.)

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy

American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) *o* Are, *o* are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) *o* Have, *o* have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) *o* Are, *o* are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) *o* Have, *o* have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
